PROFESSIONAL SUMMARY

Power Digital

-2022 Nov - Present

I collaborate with a team of developers driving data-driven innovations for global online brands. My work focuses on creating scalable solutions enhancing the performance and profitability of e-commerce businesses worldwide.

Sprwt

-2022 Feb- 2023 Oct

As the lead developer, I spearheaded the development of a customer onboarding and billing management dashboard. The dashboard featured advanced capabilities such as earnings monitoring, role-based access control, and data encryption . This project was instrumental in empowering our team to make informed decisions and track the company's overall performance.

-2021 Jul- 2022 Feb

I played a pivotal role in developing and maintaining a sophisticated system for route planning and resource management that increased efficiency by 25% and was utilized by hundreds of companies worldwide.

-2019 Mar- 2021 Jul

I provided support for an in-house API that delivers insights about the cartography of various countries. This service saved our company thousands of dollars and opened up opportunities for further customization of our offerings.
